REISSUE DECLARATION

Sir:

We, Henry C. Yuen, Roy J. Mankovitz, and Daniel S. Kwoh, the named inventors of United States Patent No. 6,321,381 (hereinafter "the '381 patent"), and the applicants for reissue thereof, hereby declare that:

We are citizens of the United States of America, respectively residing and having post office addresses at P.O. Box 438, Pasadena, California 91102; 24236 Park Granada, Calabasas, California 91302; and 3975 Hampstead Road, La Canada, California 91011;

We have reviewed and understand the contents of the attached reissue specification, filed on November 20, 2003 as reissue U.S. Application No. 10/720,006, including the preliminary amendment filed therewith and the claim amendments filed herewith and verily believe that we are the original, first and sole inventors of the "SYSTEM FOR IMPROVED PARENTAL CONTROL OF

TELEVISION USE" invention described and claimed in that application and for which a reissue patent is sought;

We make this declaration under 37 C.F.R. § 1.175 in support for this application for reissue;

We verily believe that the '381 patent is wholly or partly inoperative through error without any deceptive intent for the following reason:

Claim 1, is both too broad in some respects and too narrow in other respects to cover certain aspects of the invention.

Particularly, the television schedule information element is not needed for the claim to be patentable when the override element of new claim 18 is added;

All errors being corrected in this reissue application arose without any deceptive intention on the part of any of us; and

We hereby acknowledge our duty to disclose to the Patent and Trademark Office information of which we are aware that is material to patentability of the claims of this reissue application in accordance with 37 C.F.R. § 1.56.

We hereby further declare that we understand the English language, and that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and the such willful false statements may jeopardize the validity of this reissue application or any reissue patent issued thereon.
